

A black and white illustration of a formal ballroom scene. Numerous couples in period dress are depicted in various poses, some dancing, some standing, and some embracing. The background is a soft, cloudy sky. The overall style is romantic and elegant, typical of late 19th or early 20th-century magazine illustrations.

青池保子

*It's been
ages since I
last woke up
feeling this
good!*

It's
morning

Why on earth
are these two
in my bed?!

Had
some
night-
mare?

What?!

Did
you
wake
up?

Wah!?

You begged us,
claiming that a
spook would come
get you if you
were left alone

You
must be
joking!

Me lord,
you asked us
to sleep with
you every
night

'S the telephone

You sleep with the light on

I'm frightened of darkness

Ever since that modern with the marble statue, I feel haunted by some strange being

*I'd place a
harassment
call to him
from Vienna*

*-The
Mayor
who
sneaked
me
out
back to
Bonn*

*Can't let
an alien
spot me
like a
mole*

*What a heart-
less scound-
rel
putting his
own interests
before his
master's
awake*

*Don't
follow
me to
Vienna*

*Not in
Vienna*

*-This isn't
just my
imagination.*

*I'm bloody sure
something's
around me.*

He may
make a
U-turn
and come
back.

Too early
to be
relieved.

Talk
of the
devil.

Our
master had
a hard time,
too.

A good
night's
rest and
all that.

Gen,
what a
night!

I felt like
I was going
to fall ill
myself from
being under
a strain for
so long.

From an advertising agency: "A good/badnight is
the only real relief."

HURRAH!

The Major's coming back
at last

Major
Eberbach
is in

Tell him
not to
over-work
the
alphabet

Don't
allow
him big
expanses

I'll give him
an immediate
reassignment and
chase him away
from Bonn

Don't worry
He'll be
dispatched
by himself

I'll look
forward to
good news!

We'll
count
on you,
Chief

To sports events, Japanese businessmen celebrate a victory by tossing a flower bouquet and/or a cracker into the air

Our
intelligence
is as
powerful
as ever

Us, too,
sir?

I'll send him
to Vienna on
an assignment
at once

You'll finish
your work
here in Bonn

Discussing
how to cope
with me with
the alphabets,
I see

Well,
well

So,
if the
Major...

*It'd be
at least a
preposterous
conspiracy
with
Accounting
and
Personnel.*

*Even if
there is a
hidden
meaning,
it's only
his idea
after all.*

*Could
report it to
Accounting
and
Personnel*

*Suspicious
and what's
more still,
he looks
down on his
superiors*

*That's why
he's the
eternal Mayor
on everyone's
black books,
despite his
ability*

*A boring job
too from Kikori
but that's
all right*

**The
Power
Engineer**

*I'm finally
back to my
home base*

*Whatever the
job is, that's in
my territory*

—Vienna, Austria—

*It'll be over
when I deliver
this to
"Metternich."*

*Just one
more thing
to do.*

*If I chuck
this away,
I'll be free.*

*I've
had it.*

*But if
the KGB
find me,*

*...I'll be
liquidated.*

*But I had
a hard time
getting it,
on the risk
of my own
life.*

*Don't
want to get
involved
with them
any more.*

*If I
contact
Metternich*

*I'll be
drawn into
their world
again.*

*Couldn't do it
again today...!*

Iron Kline left West Germany to attend—the Vienna Conference?

At this time

At this
time,
at that

I see

Don't you think
a conference is
a little too much
a job for him?

Iron
Klaus
coming to
Vienna?

Very likely
it's his
work

At this
time,
at that

They
fit in
right

Incidentally,
Iron Klaus
comes to
the city

The CIA agent
who brought back
classified info from
the Soviet Union
disappeared in
Vienna

We're
offered

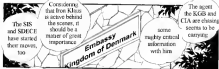

But that
goes against
the code!

That least
doesn't give
a damn
about that!

Now that he's
made a
comeback,
he may want
to impress us
with a feat

Iron Klaus
had been taking
a step backward
from the
front line

Now this
is a real
capital of
music

Melodies
are drifting
from every
corner of the
streets

There
you go
again

Something
behind me is
making me
nervous

What's
the matter,
my lord?

Usually,
you start
showing off
your entire
stock of
knowledge
at this stage

He makes me uneasy

Looks depressed and anxious...

That man has been following us for some time

Can you see behind your back?

I've become sensitive

I'll take a look at him

Oh, I was aware of him, too

Do you know Scholz & Co over there?

Yes, we're going to the shop now

Ah Well

Pardon me, sir, is there anything you can do for me?

Deliver this to the owner of the company, will you?

That's good

That Scheide
& Co... is the
dealer specializing
in haunted objects?

Mr.
Bon-
ham

Looked
like he was
obsessed

Utterly
terrified

Coward
What did we
come all the
way here for?

Don't you
wanna know
about the
sculpture?

You two
will go in
I'll wait here
outside

A more
pleasant place
than I
thought

I assure
you no-
thing will
appear

You'll be
all right, no
fear. It's
well-lighted
inside

Then, I'll
just take a
peek

Someone's
playing a
silly
trick

No, thank you
I don't go
out when
it's dark

My
husband
will be back
by this
evening

Would
you like
to wait
for him?

Let
me
drink

Which
one was
that?

someone
asked me to
deliver this
to your
husband

By the
way, Frau
Schmidt

A
middle-
aged
American

Who
was it?

Guest
and
capped

Could I
have your
name again,
please?

I'll call
again
later

Donat
Rad

I'll write it
down so that
I won't forget

I'll give it
to him when
he's back

Thank you
very much

be Karl's
acquaintance

The circumstances have changed, though

*Major Eberbach,
we've learned a
matter of great
importance about
Jim Curtis, the
CIA agent who
vanished in
Vienna*

*The information
he brought back
from the Soviet
Union was...*

*the unsavable of
the Soviet nuclear
development that
the accident obliged
them to revise*

*the exact figures
of the nuclear con-
sumption caused by
the recent nuclear
plant accident
and*

*If revealed to the
world the impact
of the information
would be beyond
all imagination*

UNITED STATES OF

KINGDOM OF
NETHERLANDS

*Your mission is to
find this man and
get the information
from him ahead of
the CIA, KGB, and
all the other intelli-
gence organizations*

*Secret agents from

our resources
to find the
information!

You

me!

Maybe
the Cub also
congratulates
you back
in our
home land!

I'm glad
of your
recovery

doing splendidly
in his first assign-
ment after his

Ha, ha, ha!
You haven't
changed
a bit,
Major

Don't

But...
these overreactions
of the CIA and KGB.

It seems that,
during my
long absence...

...they were so busy
confronting the common threat
that they forgot to discuss the
possibilities of this age.

...you had
said a word
about Jim Curtis
to us.

We
wish.

Mr. L. of the
SIS was pleased
at your return.

Major
Eberbach.

Don't worry
about him.
He's working
in London.

Didn't want to
attract Lawrence's
attention. He's a
nuisance.

Thanks.

There he
comes

because
you're in

Wait!

I'm
looking
for the

Isn't you
gonna ask me
why I'm here?!

Don't
ignore
me!

Waaaaah!

Hey

.....
.....

Why, is the
statue still
following
you?

I'm incapable
of throwing or
interfering
with your job

The dark
frightens me
I can't go out
after dark

I'm
suffering
seriously!

However
stupid you are,
it'd be too
embarrassing
to not also
stupid

Guess
you're not
altogether
lying

I have
business
with an art

Scholz & Co.

Dr. Freud
would've
welcomed
a lunatic
like you

to Vienna to

I want to know
its history to
exercise
the spirit

Exercise?

That's the
dealer who
sold the
sculpture

-What
did you
say?

"Metemach
of Vienna"
is famous in
our business

Karl Scholz,
the owner of
Scholz & Co.,
is on the local
staff of
the CIA

Do you
believe you can
track me with
such a third-rate
horror bullsh*t?

You double-
crossed us for
the CIA, didn't
you?

I'm not
following
the leap
from a
horror to
the CIA

Wa-wat
a nut!

Metzger
married a blue-
blooded woman
to win people's
confidence,
and

I had
everyone
checked
and listed

Really?

That
is.

A special
method is
taken for
contacting
her.

But the
Stewardess
at the
conference...

They didn't
look like
they knew
where
Jim was.

Then
Mittelmach
would be sure
it is the CIA
at once

If the man
the Karl saw
was Jim Carter

the letter delivered
to Mittelmach was
about his business
or the location of
the hidden
information

Sorry,

Told you
to be ready,
didn't I?

The Earl said
he'd delivered
a letter to
Merenbach from
a man like
Jim Curtis

We must
confirm if
he was telling
the truth

What?
Really?

Tell you
what. It's
so funny.
He's...

You should
try it, too. He's
gone off his

honor

Is the Earl
already
involved in
this?

He's
hanging
around
the shop

Then,
go

The
others,
too...

Well,
something
came up
and I must
cancel it.

You don't
mind going
by yourself?

The
Austrian
government
invited us
to the
Staatsoper,
remember?

It's
about
tomor-
row.

Any-
thing
tomor-
row?

What can
I do for
you, Herr
Austrian?

Major, you
look unamused
to have your
subordinates
here

...the place
will become
a nuke for
intelligence
agents.

My going
to the
Staatsoper
means...

Oh, I'm
sorry

Hope you'll
have a good
time, ha ha ha!

Too many
odd jobs to
deal with

Well,
that's not
what I
mean

*Have to probe
their real intentions
and action plans*

*I hate opera, but
it'll be an important
occasion to collect
information*

*Polar Bear and
Steamroller Dick
will show up
certainly, too*

There they are

Chris

Then, why're we here again?

This is the place where I can steal in daylight

I don't trust specs' words,

The man is a CIA agent called Maternick.

Ye-yes

Hey, A. listen

Hold! You came here to check on the CIA agent, didn't you?

Well, yes

Long time no see, Mr. Bonham

Oh! You're in Vienna, too, Mr. A and Mr. B?

There's something suspicious about your statement

It's about the letter you said you delivered to this shop yesterday

But...

It's a good chance. Why don't we ask the Earl about that?

You have a question for me?

Look, here's the man himself

I gave
it to the
lady of the
company

Why
would I
need to
steal such
a thing?

It's need to
confirm whether
you really handed
over the
letter or not

Surprised?

The Major
doesn't
believe me,
does he?

It's
unlikely,
but...

Saves us
trouble,
A

Then we'll
leave it
to you
Thanks

Wait here,
dolls. I'll go
ask the lady

It'll be
easier if I
talk to her
directly

's must
have gone
through
hardship

He's a
CIA spy
who dis-
appeared

If you make
'em haggard
and malnourished
'e might look
like the man
we saw

'ard
to tell

Yeh

Was it
the man
in this
picture?

Mr
Bushman,
you saw
that man,
too, didn't
you?

No, that
won't be
necessary

...call again
when your
husband
is in

I think
I'll
keep it,
and

It had
totally
slipped
from my
mind

I'll give
it to my
husband
today. I
promise

That
letter
Oh...

Where
did it
go?

Oh, I
found it!
There it is!

*Holy Moses
just as I
thought...*

*This is the
information
the Mayor
is looking
for*

*...but I got hold
of a goodie,
thanks to my
husband*

I'm
terribly
sorry I
couldn't
be of help
to you

*No way
I'm not
that
generous*

*Should I
possibly give
it to that man,
who let me
down so
many times?*

I went to the police station. They told me my lost ticket was delivered by someone from the West German Embassy.

Were it not for his kindness, I couldn't have come tonight.

Let's see. A & B told me something about a taxi and a ticket.

Thank you very much.

Excuse me, Herr Eberbach.

This young lady would like to talk to someone from the West German Embassy.

Was?

Excuse me.

I'm the one who left the ticket in the taxi.

The ticket?

Christa.

Christa Guther, sir.

I'll tell him you were grateful.

Your name, please?

Actually, that wasn't me, but

No way!
Go over
there again!

Isn't she
just an
ordinary
girl?

She's
not an
any last

She's a
Gothella
playing
an
argentine

Do girls
nowadays
meet a man
and blush?

I have a
feeling that this
is a carefully
worked-out plot
to trick me

Another
suspicious
one is that
overly-kind
taxi driver

Her
innocent
look was
also too
theatrical

... might
feel foolish
to see the
blazer

A
daughter
of a good
family...

that'll
be the
proof

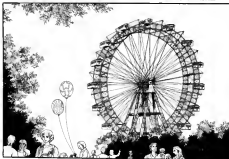

If there's
an
"accidental
encounter"

No,
sir...

You
mean
my face
is that
obscure?

That's
not

Ann Carter

and CM are
looking out for

My, my

Here
Eber-
bach!

Your
sister?

a kid
they're
good at
"stage-
management"

She
is my
student

I give
piano
lessons
at home

Really
in such
a place

Fancy
meeting
you!

Just as I
thought here's
the "accidental
encounter"

Christa Gardner
Brought up in
the family of the
former court
physician of the
Habsburgs

Her parents
divorced when
she was in junior
high. Didn't get
along with the
stepmother,
and...

...left for
lindebrack to
spend two years
in a boarding
school for girls

entirely
uninterested
in her

At the
park, the
Major didn't
seem to be

Born and
raised in
Vienna.
Wow!

She's a
real nice
young
lady

Later returned
to Vienna, now
teaches piano
at home

the
Major

It was her
bad luck to have
come across a
shady character
like...

We can
use the
girl

Does the
Major have
a weakness
for that type?

With a few
threats, she'll
do as she's
told

She's an
ingenue,
after
all

She is
Maria
Theresa!

The
completely
flawless
background

The
perfectly
natural and
ordinary
behavior

The
biggest
obstacle
will be

Erwin

For her
success

we must
eliminate whatever
stands between her
and the Major

But he was
quite courteous
to that girl

The Major
doesn't give
a damn about
crafty female
spies

He treats
her like he
treats men
and good
workdolls

I was in
a trash can
and saw
them

You're
not joking,
Mr. James?

The Major
was seeing a
woman at an
amusement
park—?

didn't you?

You heard that the Major threw a corncock at me

A corn?

What kind of a woman?

Went to the woman

The Major threw a corncock at me hard, then...

The Major was flirting with an innocent-looking, pretty young girl?

Are you more concerned about the Major flirting with an innocent-looking, pretty young girl?

I'm not so sure

The Major must be saving her for his mission.

I'll ask Mr. A about it tomorrow

Cut it out, James! Man's jealousy is unhealthy?

But, but, but!!

Me lord, yes, too

Something's
behind you

Mr
James

Tell me
what she
looked like

—Even if it
was for
his sake—

*I'd go attack
the Mayor in
his sleep right
this moment
and reproach
him!*

*If I were
strong and
healthy...*

Bluddy hell!
My reason is
already into
outer space!

Me lord,
please be more
reasonable!

They're
standing
ready at
several
places

Roger

Don't let
him inter-
rupt the
Mayor's
date

Ernest left
the embassy
and headed
for the
location

It doesn't
sound like
just a simple
romance call

I was so
scared I
couldn't
sleep last
night

I couldn't
even
call you

I was at
my wits' end

He
said

So
what did
he say to
you?

You

Let's walk,
and tell me
in more
detail

There!

No time to
get scared
of them
now!

My lord,
there are
lots of
stone
statues
around

Gotta
find the
Mayor
first!

Watch out, the lord!

What?

Dis-
as-
ter!

That
woman, I
won't
forget her

What
about
what
disgrace!

My Major is
wearing such a
fake expression
this early in
the morning

Waaaah!

What's
that
noise?

HALT

CLANG

CLANG

CLANG

CLANG CLANG

Couldn't breathe

Thought
I was
gonna
die

Yeah,
right

Me too,
let's go
back to
the hotel

You'll
catch
cold

I feel
evil will
all around
me

Mr
Bonham,
this is too
weird

CRASH

It feels
like
something's
following
me

They were
just coinci-
dences

Don't
take it too
seriously

...as they
told you
to

Act
like we
became
friends...

What
do you
mean?

You might
as well
follow their
instructions
for a while

I've got
the picture,
Franken
Gardner

I think you
got involved
in a trouble-
some affair

Oh, I'll
lead you.

But,
I

Everything
will be all right
with you,
won't it?

Herr
Eber-
bach...

Well,
yes

We know how
to cope in
such cases.
Leave it
to me

The embassy
staff are easy
targets for
intelligence
people

makes me feel like I'm a bad guy who takes as a girl keeps an entire world off her life

Her unexpected performance

NATO
intelligence should create
an agent-as-
Godfather's
training manual too

I'm
glad

Wunder
which
organiza-
tion
advised
her

We must
support Maria
Theresa at
any cost!

Embassy
Union of Soviet
Socialist Republics

The Major
was walking
with her,
holding her
shoulder!

Maria
Theresa is
making
advances to
the Major

The Major
lowered
his guard
against her

The
game is
over!

The black-
mail did
work!

Embassy
United States of
America

Christa Guther
followed our
instructions, she
became a good
friend of
the Major

Step 4-1

*Major,
with whom
are you
dancing?*

Major!

Wraith

I'm going
crazy!

Nooooo!

's would've
curled the
Major who's
his rival

If the soul
possessing
you was
jealous

Matsukabe

A protagonist
like you
wouldn't
understand
my suffer-
ing!

You are
already

Calm
down,
me lord

Is that
how it
works...?

Do you
think a curse
would get
across to
the Major?

The evil
intention
comes back
to me
twofold!

Rebecca

A passing
lady looked
me for no
reason

And a huge
plate flew
toward me in
the restaurant

When I was
about to leave
the hotel, I
was trapped
inside the
lift

A car
almost hit
me when I
was walking
down the
street

A
conspiracy
by the
KGB

How do you
explain those
mysterious
phenomena?

But the
true reason
I'm suffer-
ing so
much is

But

There's
still some
work left
to be done

Even I
suspected
it a little

Don't
awaken me
to reality
so soon

Let's
give up
and concen-
trate on
the very

Either the
KGB or
blasting
is too
strong an
enemy

the
stronger
my love
grows,
Mr. James

The
bigger
the
obstacle

The fact that
the Major is
flirting with a
woman for
whatever reason,
even for his
transcript!

And that
I can't
interfere
with them
myself!

A fatal attraction!

just like the one between me and the Earl.

The relationship between the Earl and the Mayor is

He's beyond hope

Bertram

Simply, they are jealous able

My idiot Lord!

What's so good about that scumbag Mayor?

What an odious wretch!

while I am suffering like hell

The Mayor may be with her nose...

Mayor you'll pay for my emotional sufferings!

—But I have this letter, the Mayor's Achilles' heel.

Hump?

check

Good
night,
Chenra.

Don't
worry and
leave it
to me

I know
that!!

Ser, it's taking
them some time to
get there, because
the village is deep
in the mountains

Haven't D or
Tyrol called
us yet??

You still
doubt it?
You're
greater
than Z

-Major, is
she really
in our
business?

I won't
finish dealing
with that
woman as
fast as
possible!

Tell them
not to waste
our time!

her
background
check tells us
she went to a
boarding school
in Innsbruck
for two years

She was
born and
raised in
Vienna, but

It's a tiring
task to fake
being a
gentleman

The KGB,
CIA, or
some other.

The
informant'll
tell us which
organization
she belongs to

I'm having
checked what
happened during
those years

STAB

A, your
wife is
pretier,
and

his
bigger too
than she
does.

'Cause she
looks like
your wife
a bit

I still
think she's
an ordinary
gal

What a gloomy man! Dammit!

Keep in contact with him! Don't let him get away from the village!

He threw away his past, but still holds a grudge!

Bring the director of the CIA before me and have him kneel down on the ground and beg.

If you want me to get my memory back.

this route

I'll suggest
to have the
CIA director
kneel down
on the
ground

Next time
I see the
Steamroller

Don't
make
mistake

It looks
a certain
something,
though

Lord Gloria
went to
confer
with her

Yes,
sir

The wife of
the owner of
the shop, she
coolly handed
the letter to
Metemach,
is?

A, let me
ask you
one more
time

Lord
Glenn
con-
firmed

What...??

The Earl
offered us
cooperation,
so I

You left such
an important
matter to that
bug her??

Tell me,
Al!

You didn't
ask her
yourself??

W-well

Can't you see
that bigger
wouldn't miss
the chance to
play a prank
on us?

What do
you think
I've kept
that woman
company to
gain time for?

WELL!!!

Lower
your voice
in the embassy,
will you?

Major
Eber-
bach

He should
stay in the
hotel while
it's dark

Gotta
go there,
now!

Where's
the Earl?

Please
let me
see you

Just
in time
Me, too

I'm
going
home

Here Amba-
sador, you
came at just
the right
moment

Your
plans for
the night?

Time for
him to go
home

That's the
ambassador's
car

The
Major?

The Major's
here in
a rage!

Heaven,
my lord!

Don't be
afraid. I
have this

I'll give
him an
entertaining
show

Let's get
away at
once, or
he'll
murder
us all!

He looks
more
furious
than usual!

May-
be

How come
the Major,
at this time
of day?

My lord,
did you do
something
again?

over
Jon Klaus's
love affair

I've been
concerned
with
jealousy

Haven't
you got
a date
tonight?

Hallo,
stranger

You
bastard!!

Stop
prattling
and admit
what you
plotted!

Shut
the fuck
up!

What
do you
think?

No..!

What're
you
doing?

Where did you hide it? Give it to me!

You're lying!

You'll
never
find it.

If you don't
believe me,
search the room.

I just burnt
the letter from
Jean Curtis
right in front
of you.

If you treat
me roughly,
I'll forget
everything.

Be
careful,
Major.

Only
my brain
remembers
what was in
the letter.

never
experi-
enced
this sort
of thing

I've been
working for
the embassy
a long time,
but

The chauffeur
took him
home and
came back

That's
the number
under a
car

Quiet!

I can't
breathe

Don't talk to
me. There's
supposed to be
no passenger
in the car

Close the trunk!

Don't interfere with my lifestyle

James, quit living in rubbish bins!

You stink!

I'm already dying

Benham, this may be the Mayor's scheme to suffocate us to death

Honestly, I'm sorry for bothering you all

I thank you

Ja

Welcome back, Mayor

Thanks to those watching the embassy, going in and out is such a pain

The ambassador's foot has appetite completely

Try to ignore him

Can't say no to that threatening look

Take this one in Two more are in the trunk

Angry roars and shrieks are heard through it at dead of night

Beyond the door is another world

No embassy staff approach the door leading to their room

I showed him inside my undiepants

A Chinese
full-course
dinner,
please

Or, pick
something
out of a
trash can!

A, there
should
be some
leftovers
in the
kitchen!

I'm
hungry,
too

About
that
map

A, bring
him tap
water!

Why not?
It doesn't
happen so
often

You think
you can take
advantage of
my weakness?
Don't push your
luck too hard!

You
bigger!!

Break up
with that
woman

I have a
demand for you

What is
the purpose
of your
plot?

I'm
asking
what?

CHOKED

Major

Say it,
quick!

I dis-approve of "The Womanizer in Vienna!"

But I won't tolerate your sleeping with women for your mission!

I put up with "The Emperor of Hamburg Nights"

Wah cough cough

I don't mind if you're a really lecher

You cough cough

Wah cough cough

I'll be a native!

Aaaa! Don't hit me!

Don't put a boss label on me!

I'll lose every memory!

You crush me with your dirty imagination!

You interfere with my mission from silly, low-level motives!

You always do that!

How dare you while I'm trying to be patient!

It's me who's being patient

I'll be damned if I do, you pervert!

Do you understand the torment of jealousy?

Isn't she?

Honestly, she is your type.

You know
who'll be pleased
when your wife
becomes a
widow, do
you not?

Cherish
your own
life,
Mr. A

THAT'S
ENOUGH!!!

Mr. A's
wife is
your type,
too

You dare
continue?!

No, Major!
That's the
embassy's
future!

That's only
an idiot's
prattle,
coward!

I trust
my superior
from the
bottom of
my heart!

I've had
enough of
your nonsense!

There's a
limit to my
patience!

This is too
ludicrous!
The interro-
gation is
over!!

A
take
hint!

I'll give
you one
night to
cool off
your head

Shuddup!

I want to
keep on
complaining
and
nagging
you

Enjoy it
while
you can

Archie.

I'm glad I can
spend a night
under the same
roof with you

Ja, you
have a
good
dream

Oh I've
got a
stomach-
ache

They enjoy
it, and we
pay for it

Don't irritate
the Major
too much
You'd better
think about
the conse-
quences

I feel
a little
better
now

Who can
poster the
Major, being
afraid of the
conse-
quences?

He's in the
storage room
with Mr
Stargy Bag

Where's
Mr
Don-
ner?

Shall I
join them?

Thank
you

Have
a good
night

Here's your room,
my lord. Please use
it carefully,
because it's for
state guests

No, not
there

What
nice
treatment

Make sure
not to miss
any detail

Write
it down
on this
paper

You don't
want to go
back to
the room,
do you?

If it's a
random map,
we'll soon
find out

.....

You should
have behaved
right from the
beginning

Totally
disputed,
aren't you?

.....

So
quick

There

-You're a pro, aren't you?

We can easily name three or four famous portrait busts and seated figures

His grave, the streets he used to stroll, restaurant stores, the names of cafes, you name it! This city is crawling with Beethoven!

During the 35 years he lived in Vienna, Beethoven moved 79 times

There are 26 houses restored in Vienna where Beethoven lived

Wait here until it's verified

Until then, you stay inside the embassy!

It's not here!

Are you gonna lock me up in the room again?

You must believe me, there's no lie in that crap!

I'll believe you if we find the microfilm

It's true, upon the honor of the statue!

What?

I appreciate it, Major

I'd like to say a word to you with gratitude

In the storage room

Even I have some mercy

Break up with that girl

Cry
or scream,
don't let
him out!

Tie him up
and throw
him in that
room!!

The
credibility
is fifty-
fifty

The
drawing

Shall we
start the
search to-
mor-
row?

A, but up every
Beethoven-related
historical site that
matches this map

Shall we
send him to
a Soviet crypton
through
Polar Bear??
Shut!

He drives
me nuts!!

It's
possible
that...

...his
testimony
won't match
this picture

I told him
to pry the true
hiding place
out of him
Cuzis

-We'll wait
for a report
from C
in Tyrol

They are bothersome for the ambassador, too.

Yeah, it's difficult just to go in and out of the embassy

It will be very hard to check every Beethoven in Vienna

without being noticed by the KGB and CIA, or

Then, we'll start the search

-First, we've got to get rid of the nuisances from Vienna

at my relationship with the Godfrido

There's current interest in...

No, not yet. He doesn't.

He's a gentle man.

Yes...

He will come if I ask him out.

Yes.

He doesn't suspect me...

I'll explain to you how to use them. Don't worry, it's easy.

Yes, a pair of earrings.

Did you receive the package I sent you?

What do you want from me?

Who are you?

You don't want to make your students unhappy, Chris?

Just be nice and friendly to Eberbach.

Is that
the
Mayor?

Well, well
Look at the
man over
there

He should
be attending
the conference
at the Hofburg
now

I
doubt
it

That Mayor
wouldn't
look like he's
waiting for
a date

Yeah

That Mayor
wouldn't loaf
around in such
a place

Right

KCIB
and CIA
agents

I can't
believe that
those playing a
silly game
backseat in
front of me
are

I'm
waiting
for some-
one

I have
to leave
soon

I met him
there while
looking for a
place to eat

So, the
rumor
was
true!

My,
my

's all
right,
but

May I
sit down?

I have
my
private
life, too

I didn't
believe it
until I saw it
with my own
eyes, but

My men
reported that
you were dating
a pretty girl

All my
subordinates'
reports are about
your dating a girl,
too

My
company's
here.
Excuse me.

Don't
bother my
private life
with an elderly
man's fond
memories.

You're
a good
match for
Lawrence
of the
SIS.

You're quite
a romantic,
Polar Bear, to
bring up "the
Congress Dances"
nowadays.

.....

.....

being the
director of
the CIA and
have him
knelt down.

If you
want the
information
of Jim
Cummings.

I've got
something
to tell the
CIA.

What
that?

Oh,
by the
way.

That's
how he
reacts to
teasing.

He's
harm-
ing us.

Iron
Klaus

I can't
believe
that's

I'm
astounded

What do you
think of that,
Polar Bear?
You've known
the Major a
long time

haven't
you?

*If she succeeds
the Major's
surrender will
lead out to us*

We shall
wish him
good luck

*Good girl
She's wearing
the earrings as
I instructed*

*If she
succeeds she'll
be the first
woman to follow
Iron Klaus
surrendered*

Let us watch
the progress
of his love

captured the
Major's heart*

Don't
know him
from

our enemy's
happiness,

So it is.

I see.

*It was to
meet the person
that I have lived
alone all
these years.*

Christa.

*The moment
I first
saw you,
I realized*

*It's hard
for me to
leave you,
too.*

*Hey,
our
dream
will!*

*Then, I'll
show them
my pro-
fessional
performance
too.*

I know I'll
make you
miserable

*How can she
be so
close to me?*

I don't want
to further
involve you
in any risky
business

Herr
Eberbach

But our
worlds are
too different

Do me
a favor
and don't
bury me on
the back!

You can't
avoid danger
if you
come with me

No,
you're
wrong!

miserable,
that's because
I love
you!

Please
let me go
with you,

tolerate
anything
if you're

ap!

they can use
her against
me just once

really?

felt like
singing
to myself*

Polar Bear
brought up
that old
movie*

*Even

what a

to pretend
to be a

it may be all gone*

I will make it!

an ordinary

confident I
won't be

I was an A+ student during my two years at the boarding school

That's why I was chosen as the match for Iron Klaus

That's why I
want the new
car made for
America.

dash dash dash dash

Come to me
after the train
departs Lancel!

See
you
then!

Hurry!

Y-yes!

As we said
on the phone,
we get on the
front and rear
cars separately

Christa!

How
Eber-
bach!

Get up!

Don't
lose
him!

The Major
want on
board!

Get

*The Major will lead us
to Jim Carlin!*

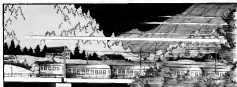

Good!

*We wish you Godspeed,
Major Thorne!*

Klaus
pretends he's
single to
cheat on me
all the
time

What
nerve!

He's the
father of two
sons, James and
Bonham, for
God's sake!

Seduce

The
Major is
single

What nerve
to believe that
man's word!

Oh

Never be

He's not
doing anything
outrageous
I hope

The Earl

Shouldn't I
have made
a pass at
my Major

I made it,
Mr. A!

I'm here,
Lord Gloriot

*Gee,
I should've
said that.*

*Lord Glens,
did you
recover?*

*You aren't
scared of
the dark,
are you?*

*Nope,
you
shouldn't!*

*Mr. A,
stay closer
to me.*

*I'm a
straight!*

*Ha
ha
ha*

*He he he,
I feel
fabulous*

*Let's
hurry,
then*

*It's only
a short walk
to the car*

*OK, OK,
I'll sing,
so*

*Let's sing
a song! A
merry song,
all right?*

*don't
zoom up
on me
like that!*

*Not afraid,
not afraid,
not afraid
at all*

*Walking
with a man
like him is
scarier than
the dark!*

*'M not afraid
of you' by night,
when I am
with you.*

*Then I will
leave the city
and start a
new life as
if nothing
had
happened.*

*When I
report it
to Victoria,
my mission
will be
over.*

*...It's
no use
thinking
about it
any more...*

*Why was
she so
near
to me?*

*—Who was
that woman?*

*And
I was
attracted
to her.*

*I thought up,
I could
make
it.*

*I did
my best.*

—I... failed.

**Iron Klaus
vanished!?**

We
shouldn't
get behind
them

The CIA
started their
search with the
focus on
Solberg.

The Mayor's
disappearance
was absolutely
unexpected!

We're in
trouble,
Comrade
Polar Bear

*I should
have...*

*I should have
suspected
what I was
seeing—!*

*It wasn't like
the Mayor
I'd known*

*No, too
unlike him,
as a matter
of fact...*

*—That
uncharacteristic
attitude of
the Mayor*

*I couldn't
believe my
own eyes*

Failed!

*Memo
Theresa*

*then his
disappearance
could be also*

*Memo
Theresa
was
deceived*

He disappeared from the hotel

Where's Erwin?

He has not been seen in Vienna

Probably

Except that the grubby man's behavior seems like his habits

Keep observing the Major's men

These four have been doing that ever since the Major vanished

Just hanging around the city

*The Major and Erwin
Where have they gone?*

*Both of the men
in question were
underground*

and in the nearby park, a statue of him strolling, and

the "Beethoven's Lane"

There's the house where Beethoven wrote his will

I'll send them to Heiligenstadt tomorrow

Major,
I found
it!

This
must
be it!

*He's getting
more and more
maddening since
he got rid of the
woman.*

*I'd have
hated
Bathhouse!
Dinner!*

*If I
weren't
from
Rome.*

Rightly
called the
"Ereics-Haus"

The house
where
Bathhouse
composed
"Ereics"

Ereics-Haus

Judge with
a bias, and
you may lose
the truth.

That's
not
right,
Major.

How
come you
can be so
sure?

I know
it's not
there!

'Cause
I don't
like that
man!

If you
want, I'll
kneel on
the ground
and bow!

All
right,
I'll
do it!

Oh, then,
what'll you
do if it's
discovered at
"Ereics-Haus"?

Will you
apologize
to me
rately?!

Don't
give me
shock!

I haven't
trusted you
yet!

RRR

Jim
Carter
talked?

Yes

Oh, C
I was
waiting
for your
call!

We had
a hard job
making him
come out of
his shell

In the evenings,
we listened to
his complaints

We helped his
work in the fields
and took care of
the sheep with him
from early in
the morning

-I'm sick
and tired of
your grumbling,
too, Herr C

He gets drunk
and talks about
how much he
hates the CIA
through the
night

We're sick
and tired of
his gloomy
personality

What Boothman?
All you gave me
was bullsh*t!

You
fucking
liar!!!

Wh
what?!

Do you
still
mean?

No!
That's
not
true!

Am Curtis
based the
information
in the yard
of the
monastery!?

It's at
Hindgen-
kruaz
Monastery!

It's
his own
testimony!

Come
with me!

And I'll bury
you alive in
the monastery's
yard!

See if it's
true or not
with your
own eyes!

really
that asp?

I wrote
the letter I
sent you

Boothman,
don't think
you can
get away
with this!
